

## CONCEPT PHASE

### Percussion Instruments

Here is a list of percussion the sonically match well previously stated playing techniques:

**Lion's roar [+ Cuica]** – resembling scratching

**Log drum or woodblocks [+ Bean shakers]** – for all the wooden sounds

**Musical saw** – relating to all undulating, crying and glissando sound on strings

**Bass drum [+ Low tom]** – to underline the low end of cello and contrabass

**Thunder sheet [+Bell tree] {+Metal chains}** – for sparkling effects that contrast strings

In addition, a variety of mallets can expand various effects. Beside standard mallets one can play with **chop sticks, knitting needle, rute, brushes, thumbnails** etc.
